

## FULL BODY HARNESSSES - H12

**The Blackmaster features front and rear fall arrest, front work positioning, D ring, rear dorsal D with extension strap, fall indicators throughout harness and on extension loop**

The Blackmaster harness is the first in a new generation of multipurpose harnesses from SAFERIGHT and offers the ultimate in fall protection, work positioning, abseiling and rescue capabilities for workers and rescuers. This harness is designed so that users can be suspended for a length of time with maximum comfort. It also features both front and rear D's rated for fall arrest and is highly recommended for suspension work and any rope access or tower work.

### Key Features
