

## FULL BODY HARNESSSES - HP11

**The HP11 features a rear dorsal D, front fall arrest loops and confined spaces pick up points manufactured with proflex webbing**

Featuring all the benefits of the H11 series, the HP11 is made from 100% Proflex webbing, an elastic material which incorporates 15% stretch, increasing worker comfort, decreasing fatigue and minimising the effects of suspension intolerance. Ideal for confined space and fall arrest applications where workers are required to spend long periods of time wearing a harness.
