

## FULL BODY HARNESSSES - HP11D

### As per the HP11, with Side D rings for pole strap attachment

Featuring all the benefits of the H11 series, the HP11 is made from 100% Proflex webbing, an elastic material which incorporates 15% stretch, increasing worker comfort, decreasing fatigue and minimising the effects of suspension trauma. The HP11D series features side D rings for work positioning and SAFERIGHT's unique rear D extension strap and fall indicator as standard, which enables the user to visually check the rear attachment point for secure lanyard connection and evidence of a previous fall. Ideal for confined space and fall arrest applications where workers are required to spend long periods of time wearing a harness.
