

## FULL BODY HARNESSSES - HP11R

**As per the HP11, with internal riggers belt, buttock strap and side D rings for rigging work**

The HP11R is a light and comfortable full body harness suitable for fall arrest, confined space entry/retrieval and rescue. The HP11R series features SAFERIGHT's unique rear D extension strap and fall indicator as standard, which enables the user to visually check the rear attachment point for secure lanyard connection and evidence of a previous fall. Ideal for regular use in many applications.
