

NATIONALLY RECOGNISED COMPETENCY MSAPMOHS217A—Gas Test Atmospheres

OVERVIEW

This course is aimed at ensuring the health and safety of personnel who have to undertake work activities within a hazardous atmosphere.

The course provides participants with information on their responsibilities with regard to the Occupational Health and Safety Act, Mine Safety and Inspection Act and Duty of Care.

In a typical scenario, an individual may be required to carry out gas testing of an atmosphere prior to entering a specific area or workspace. The competency requires the person to interpret readings and take actions based on the interpretation.
