

Saferight Training Courses

BHPBIO Confined Space Permit Holder

NATIONALLY RECOGNISED
MSAPMPER201A—Monitor and Control Work Permits
MSAPMOHS217A—Monitor Hazardous Atmospheres

Overview

This course is aimed at person(s) requiring the knowledge, skills and abilities to supervise work in a confined space and to use gas detection equipment for the testing and monitoring of potentially hazardous atmospheres.

PRE-REQUISITE

1. Satisfactory completion of BHPBIO Confined Space Entrant/Standby Course.

This course comprises an equal theory-practical component ensuring all participants actively participate in confined space entries.

Saferight is a Registered Training Organisation (Provider Number 5722) and offers a range of courses in industrial safety. For more information on courses, please call our Training Co-ordinator on 1800 352 335 or email training@saferight.com.au.

Key Outcomes

Key areas covered include:

- Identify and monitor confined space permit conditions.
- Monitor working under a confined space permit to ensure compliance.
- Identify and action non-compliance with the permit.
- Select and prepare equipment for gas testing.
- Conduct gas testing and monitoring.
- Carry out post-use checks and maintenance.
